

Executive Passenger Charter Operator of the Year 2024
ACA Awards of Excellence

About Us

Welcome to CTR Atmospherica Aviation!

We are a private jet operator with **20 years of experience** dedicated to safety, perfect service and professionalism in every aspect.

Our fleet consists of **four new Phenom 300 | 300E aircraft** and **one brand new Praetor 600** and has an **average age of just 2.5 years**.

All aircraft are exclusively ours, **no owner's approvals are needed**.

Safety, perfect service, discretion, no matter whether you're travelling for business or leisure. You can count on the highest level of service with our well trained crews, who will ensure your absolute comfort. Atmospherica Aviation is a solid and strong company that is part of CTR Group. Your perfect travel experience is ensured by our team of **80 passionate colleagues**.

Make the sky your home!

With warm greetings from the Board of Directors,

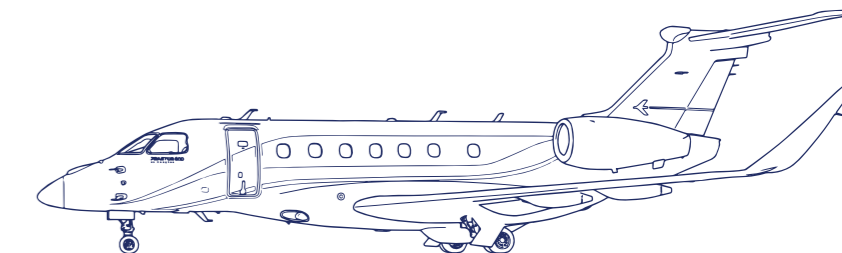

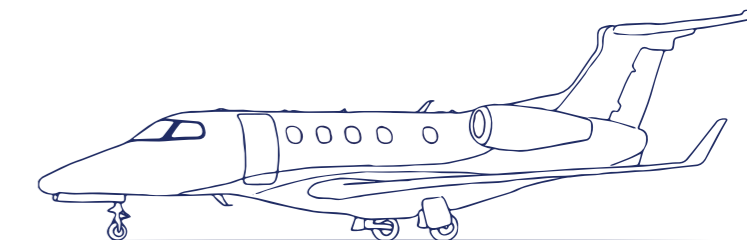

Alice Horváth-Muška

 We Are

Executive Passenger Charter Operator of the Year 2024

We are the Winner of the **2024 Air Charter Excellence Awards** in the category „Executive Passenger Charter Operator of the Year (18 seats and less)“.

Every day we try to go above and beyond, making both, the possible and seemingly impossible happen, to ensure that our partners and clients receive from us the best possible solutions and services. This award is the embodiment of our hard work – we couldn't be more proud!

It is a huge motivation that gives us wings to fly even higher, encourages us to continue striving for excellence.

Executive Passenger Charter Operator of the Year 2024

Atmospherica Aviation

Kevin Dicksbury, Chairman

Our Fleet

Fly Safe with Our Own Fleet

- ✈ We are **proud owners of 4 new Phenom 300 E and one brand new Praetor 600** – with more to join the fleet soon.
- ✈ You can rely on our **core values** not just being empty phrases – we fill them with life!
- ✈ We know what our passengers are looking for – a **perfectly tailor made flight**, where you are choosing the day, the time, the destination and the aircraft you want to fly with. Our goal is to make your trip even more exceptional than that. With outstanding catering, professional service, smiling and polite crews and much more – we turn your flight into a **very special experience**.

Phenom 300 | 300E **4 Available in Our Fleet**

Experience unparalleled travel comfort with the Phenom 300E, accommodating up to 7 passengers (certified for 9, but we recommend a maximum of 7 for your enhanced comfort). This exceptional aircraft, manufactured by Embraer, is renowned for its impressive range, swift cruise speed, and spacious cabin. With outstanding flight performance, the Phenom 300E is your perfect choice for quick, safe, and comfortable journeys across Europe, the Middle East, and beyond.

The aircraft boasts an array of premium features, including power outlets, a satellite telephone for connectivity, a private restroom with a sink for your convenience, and a generous luggage compartment capable of holding up to 8 suitcases, as well as skis and golf bags. Elevate your travel experience with the Phenom 300E.

Praetor 600

Introducing the Praetor 600 by Embraer, the world's most technologically advanced super-midsize business jet, setting new standards in luxury and performance. With an exceptional nonstop range of 7,441 km at long-range cruise speed, this aircraft enables seamless intercontinental travel without the need for refuelling – effortlessly connecting cities like London to Dubai or Stockholm to Tenerife.

Designed with passenger comfort in mind, the cabin boasts impressive dimensions – a height of 183 cm and a width of 208 cm – ensuring a spacious environment for long flights. The Praetor 600 features a highly functional galley, ideal for in-flight dining, while the versatile sofa and chairs can easily convert into comfortable beds, making it the perfect choice for both business and leisure travel. Experience the pinnacle of aviation technology and comfort with the Praetor 600.

(Praetor aircraft, from Q1 2025)**

Sustainability

Our goal has to be to preserve the resources of our planet and protect the environment in all aspects of our operations by fostering responsible energy and water consumption, effective waste management, reduction of GHG emissions and therefore minimising environmental impact.

How do we do that?

- ✈️ Reduce and optimise empty legs and flight routes - with a unified fleet we achieved a ferry factor of just 30%, that means that 70% of our flight hours are occupied with passengers
- ✈️ Fly with Sustainable Aviation Fuel (SAF) as much as possible - either by uplifting it ourselves or by making it possible for our clients to buy up to 100% of SAF equal to their fuel consumption of their flight
- ✈️ Prioritise green electricity, conserve water, reducing waste and manage waste properly

More to be announced soon...

Our Additional Services

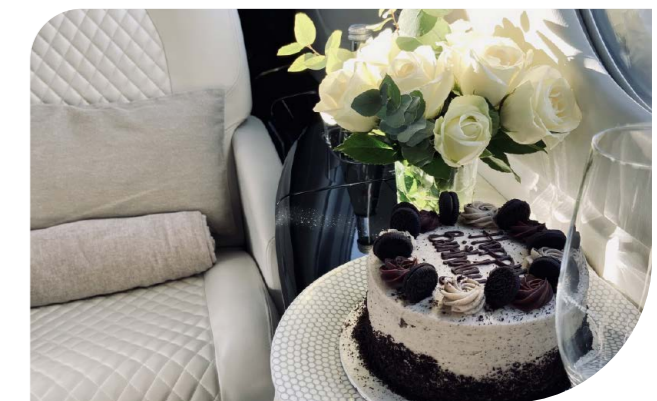

Catering

Travel Management

Catering

Indulging in excellent food and drinks is an integral part of a pleasant travel experience.
